### Course Descriptions - Barbering Catalog Year: 2012

#### BRBG 1000 Barbering - 90 Hours

In this course, students will learn the history of Barbering, how to communicate effectively with clients, how to convey a professional image, in addition to ethics and time-management skills to allow the student to succeed in the profession. Students will learn the science of barbering, such as bacteriology, infection control, anatomy and physiology, and chemistry and electricity to ensure client's safety. In addition, students will learn the fundamentals of treating the scalp and face shaving, men's haircutting/styling, hair replacement and women's haircutting. Students will gain an understanding of the different types of ownership under which a salon may operate, how to build a clientele base, and the three ways in which a salon professional may be compensated.

#### BRBG 1800 Barbering Skill Development - 110 Hours

During this course students will perform various types of skill development such as scalp and facial massage treatments, shaving, and men's haircutting and styling. In addition, they will learn how to fit and cut hairpieces and how to cut and style women's hair. Students must meet industry standards of quality, professionalism, efficiency, sanitation and safety in performing barbering services.

#### BRBG 1901 Barbering Clinicals I - 160 Hours

Students will gain experience through the application of principles and practices learned in the Barbering and Skill Development courses to demonstrate a variety of services on live clients in an industry setting. They will fulfill all the requirements of an industry employee performing services by practicing proper sanitation, station set-up and completing client consultations. Students will perform a number of services including men's haircutting, shaving, men's facial, scalp treatment and women's haircutting and styling. Students will be provided with information, classes and requirements in order to prepare them to pass the State of Utah licensure exams.

#### BRBG 1902 Barbering Clinicals II - 160 Hours

Students will gain experience through the application of principles and practices learned in the Barbering and Skill Development courses to demonstrate a variety of services on live clients in an industry setting. They will fulfill all the requirements of an industry employee performing services by practicing proper sanitation, station set-up and completing client consultations. Students will perform a number of services including men's haircutting, shaving, men's facial, scalp treatment and women's haircutting and styling. Students will be provided with information, classes and requirements in order to prepare them to pass the State of Utah licensure exams.

#### BRBG 1903 Barbering Clinicals III - 160 Hours

Students will gain experience through the application of principles and practices learned in the Barbering and Skill Development courses to demonstrate a variety of services on live clients in an industry setting. They will fulfill all the requirements of an industry employee performing services by practicing proper sanitation, station set-up and completing client consultations. Students will perform a number of services including men's haircutting, shaving, men's facial, scalp treatment and women's haircutting and styling. Students will be provided with information, classes and requirements in order to prepare them to pass the State of Utah licensure exams.

#### BRBG 1904 Barbering Clinicals IV - 160 Hours

Students will gain experience through the application of principles and practices learned in the Barbering and Skill Development courses to demonstrate a variety of services on live clients in an industry setting. They will fulfill all the requirements of an industry employee performing services by practicing proper sanitation, station set-up and completing client consultations. Students will perform a number of services including men's haircutting, shaving, men's facial, scalp treatment and women's haircutting and styling.
